# Mission Statement

*“The Mission of the Office of Financial Institutions is to serve the public through effective and efficient regulation that promotes consumer confidence and economic development.”*

## OFI Philosophy

The agency’s philosophy, drawn from its core values, its vision and its mission, represents the fundamental beliefs that shape the approach to policy and operations, as well as our commitment to those we regulate and to the citizens of Kentucky.

- **Commitment to High Standards.** OFI is committed to raising the standards of financial services regulation by providing professional, accurate, knowledgeable and courteous service to those we regulate.
- **Commitment to Employees.** The agency recognizes that its employees are its greatest asset and that they should be encouraged and empowered to use their creativity, working not only individually but as a team to fully satisfy the needs of the financial services industry. Only through teamwork, training and education can our staff ensure adequate response and delivery of unequalled service. We must continue to provide our employees with lifelong educational opportunities and the most up-to-date technology.
- **Commitment to Flexibility and Service.** Flexibility is essential in today’s rapidly changing world. Those we regulate expect greater efficiency and responsiveness from government. Government expectation of its employees is at a higher level than ever before. We must make every effort to keep abreast of emerging trends and be able to make changes within our agency that result from mapping trends and industry expectations.
- **Commitment to Assisting Taxpayers.** This agency will improve its efforts to educate and inform citizens.
- **Commitment to Responsiveness.** OFI will continue its efforts to be of service to the citizens. We will, in individual cases, act as an ombudsman to resolve complaints against entities we regulate. We will continue our educational outreach to our citizens in order to ensure their knowledge of their rights and responsibilities.
- **Commitment to Fair and Impartial Administration and Enforcement.** This agency is committed to administering the laws of the commonwealth fairly, equitably and impartially, without regard to status, wealth, political affiliation, race, color, creed or disability.

ERNIE FLETCHER  
GOVERNOR

TERESA J. HILL  
SECRETARY

COMMONWEALTH OF KENTUCKY

**June 30, 2007**

The Honorable Ernie L. Fletcher, Governor  
The State Capitol  
Frankfort, KY 40601

Dear Governor Fletcher:

It is my honor and privilege as executive director of the Office of Financial Institutions to submit our annual report for the year ending Dec. 31, 2006. This report includes statistical and historical information pertaining to the financial services industry regulated by our agency.

The dynamic and continually changing environment within the financial services industry will continue to require diligence and a keen focus on supervisory methodologies that are consistent with your vision for improving the quality of life through economic growth and opportunities for the citizens of the commonwealth. We will continue to be ever vigilant in our regulatory capacity to ensure the safety and soundness of the financial services industry, whether that may be in the context of regulatory relief or strengthening regulations where necessary to ensure the entities we supervise adhere to standards of fair and ethical practices.

We must continually search for opportunities to implement the use of technology whenever appropriate to realize your vision of cost-effective and efficient government. We also will require accountability of the financial services industry in all respects for the fair and legal provision of financial services in exchange for the privilege of being licensed or possessing a charter to conduct business in our great commonwealth.

Our entire professional staff is committed to fulfilling the agency's mission through the thoughtful consideration and implementation of our strategic plan, which we have set forth to further enhance the industry and citizens we serve. This commitment is evidenced by our endeavors to continually improve upon the service we provide to the financial services industry and to all of the citizens of the commonwealth.

Sincerely,

A handwritten signature in black ink that reads "Cordell G. Lawrence". The signature is written in a cursive, flowing style.

Cordell G. Lawrence  
Executive Director  
Office of Financial Institutions

1912-2006

# O.F.I. History

The Kentucky Office of Financial Institutions is proud to be a part of the Department of Public Protection within the Environmental and Public Protection Cabinet. The department is responsible for the supervision and regulation of various industries that perform services for the citizens of Kentucky, including the regulation of the financial services industry.

OFI traces its origin to the Banking Act of 1912, which established the agency initially as the Department of Banking. It was charged with enforcing all laws relating to banks, trust companies, savings banks and combined bank and trust companies organized and doing business under Kentucky laws. The legislature mandated supervision of state-chartered savings (building) and loan associations in 1918 and added state-chartered credit unions in 1922. When oversight of the state's securities industry was given to the agency in mid-1932, the agency was renamed the Department of Banking and Securities. Over the years, other regulatory responsibilities were added, including consumer and industrial loan companies in 1946, companies that sell money orders in 1966, mortgage loan companies and brokers in 1980 and check-cashing companies in 1992. As the agency's scope increased over the years to include other types of financial institutions its organizational structure and name changed as well, from the Department of Financial Institutions in 1984 to the Office of Financial Institutions in 2004.

## Organizational Structure

# *Financial Institutions Board*

The Financial Institutions Board is a statutory body that serves in an advisory capacity to the governor and the executive director of the Office of Financial Institutions. The board consists of representatives of all segments of Kentucky's financial industry and the public at large and is chaired by the executive director. The definition of the board's duties can be found in KRS 286.1-013.

Pete Mahurin  
1419 Euclid, Bowling Green, KY 42101  
Appointed Nov. 10, 2003  
Term Expires Oct. 10, 2007

# Administrative Services Branch

Employees in the Administrative Services Branch provide administrative support to the office in the following areas:

- Facilities management: Frankfort office and field offices in Eddyville, Bowling Green, Louisville and Lexington.
- Fiscal management.
- Operations and quality control.
- Records management.
- Agency publications.
- Staff development: coordinating employee training, continuing education and examiner certification programs.

A primary agency goal is to hire, train and maintain a highly informed and capable staff. One of the ways the office seeks to accomplish this goal is through staff development by identifying training needs, developing and delivering agency specific training, coordinating and/or sharing training and education resources with other state and federal agencies, and assuring equal access to continuing education and training opportunities for all employees.

Through continued innovation and open communication, the office is hopeful its past accomplishments will carry forward into the future and enable this agency to become second to none in terms of staff development through training, continuing education and career development opportunities.

In addition to staff training, the Administrative Services Branch continues to coordinate and support the agency's efforts to inform/educate consumers, legislators and industry representatives. The Administrative Services Branch also is instrumental in developing and publishing several informational brochures and distributing copies of its annual report to the state's public libraries and senior citizens' centers across the commonwealth.

Staff members from throughout the agency continue to enhance the agency's visibility by participating in public education forums, town meetings and industry association meetings. The office's presence at career days and job fairs was increased during 2006 as administrative services staff visited high schools and colleges in Kentucky and spoke with students about job opportunities.

As it has for many years, the office maintains a toll-free telephone number, and consumers and industry representatives wanting to speak with a member of the agency's staff are encouraged to call 800-223-2579 with their questions and concerns. Information for consumers, regulated industries and the general public also is available on the office's Web site at [www.kfi.ky.gov](http://www.kfi.ky.gov). Business hours are from 8 a.m. to 5 p.m. Eastern time at our central office located at 1025 Capital Center Drive, Suite 200, Frankfort, KY 40601.

# *Division of Financial Institutions*

The Division of Financial Institutions was created by Executive Order reorganizing the agency, effective June 12, 1997. The division is responsible for licensing, chartering and regulating the activities of state-chartered/licensed depository and non-depository financial institutions. The division's duties are strategically divided among three branches: Bank, Credit Union and Compliance.

## **94TH ANNUAL BANK AND THRIFT REPORT**

The primary duties of the Bank Branch include chartering and regulating 162 state-chartered commercial banks, five independent trust companies, and numerous bank trust departments, bank holding companies and electronic data processors. As of Dec. 31, 2006, the banks held in aggregate of approximately \$37 billion in assets.

Banks in general flourished financially in 2006 as the state and national economy continued to improve. No banks failed and the number of problem banks continued to decrease. Problem banks continued to be characterized by weak management, poor underwriting and lack of effective board oversight. Successful banks continue to be the institutions with the most effective risk management systems. The agency's examination focus continued to be concentrated on fundamental banking principles relating to lending, investing, management quality, earnings and capital.

The condition of Kentucky state banks remained relatively stable in 2006 in terms of financial performance. Through Dec. 31, 2006, they realized a return on assets (ROA) of 1.20 percent compared to 1.24 percent in 2005. Net charge-offs to loans and leases fell to 0.18 percent from 0.24 percent in 2005. Earnings gains slowed in 2006 with only 46 percent of the banks reporting increases over the previous year as compared to 2005, when almost 72 percent of the banks reported earnings gains. The levels of nonperforming loans declined in 2006, indicating improvement in asset quality. At 9.79 percent, the core capital (leverage) ratio remained strong. There were 58 written consumer complaints against state-chartered banks in 2006 versus 68 in 2005.

Three de novo bank applications and one trust company application were processed in 2006. In addition, one national bank converted to a state-chartered institution. De novo charter activity is continuing to increase as the economy continues to improve.

All Bank Branch personnel are provided with a comprehensive training program that involves at least one week of training each year. Training includes the areas of lending, operations, e-banking, trust, bank secrecy and asset/liability management. Many of the examiners have completed or are attending one of the graduate schools of banking or trust.

# *Credit Union Branch*

## **73<sup>rd</sup> ANNUAL CREDIT UNION BRANCH REPORT**

The Credit Union Branch supervises the activities of 30 Kentucky state-chartered credit unions, ranging in asset size from \$334,799 to \$650,076,027. The total assets under supervision by the Credit Union Branch are \$1,304,569,417. Total asset growth was positive at 2.45 percent as compared to the previous year's -.03 percent.

The number of Kentucky state-chartered credit unions continues to decline due to mergers. The Office of Financial Institutions received two merger applications in 2006. Kenesco Credit Union merged into Members Choice Credit Union, and Members One Credit Union merged into Park Community Federal Credit Union.

Kentucky state-chartered credit unions favored well during the year. Net worth growth exceeded asset growth for the third consecutive year. Several key ratios indicate noticeable improvement as the return on average assets ratio increased, while delinquency and net charge-offs declined.

The fixed rate real estate loan portfolio of credit unions is increasing. Of the loans granted this year, 15.32 percent were fixed-rate real estate loans, while negative loan growth was experienced in the used automobile lending area. The leasing program has not been successful and the balance of leases receivable continues to dwindle.

# Compliance Branch

## 10<sup>th</sup> ANNUAL COMPLIANCE BRANCH REPORT

The Compliance Branch licenses and regulates mortgage brokers and companies, check cashers, consumer and industrial loan companies and money transmitters. As of Dec. 31, 2006, this branch supervised 1,788 licensees and 4,230 individual mortgage loan officers.

The number and type of licenses regulated by OFI are as follows:

<b>License Type</b>	<b>Number of Licensees Dec. 31, 2005</b>	<b>Number of Licensees Dec. 31, 2006</b>
Mortgage Companies	114	214
Mortgage Brokers	316	336
Check Cashers	695	769
Consumer Loan Companies	348	362
Industrial Loan Companies	72	73
Sale of Checks/Money Transmitters	<u>34</u>	<u>34</u>
<b>Total</b>	<b>1,579</b>	<b>1,788</b>

There were 319 Compliance Branch written consumer complaints received by OFI during 2006. The breakdown is as follows:

<b>License Type</b>	<b>Complaints 2005</b>	<b>Complaints 2006</b>
Mortgage Companies	108	72
Mortgage Brokers	167	105
Check Cashers	12	24
Consumer Loan Companies	66	41
Industrial Loan Companies	0	0
Sale of Checks/Money Transmitters	2	0
HUD Mortgage Brokers/Companies	<u>62</u>	<u>77</u>
<b>Total</b>	<b>417</b>	<b>319</b>

During 2006, the number of examinations conducted by the Compliance Branch is as follows:

<b>Type</b>	<b>Number of Examinations</b>
Mortgage Companies	17
Mortgage Brokers	151
Check Cashers	709
Consumer Loan Companies	351
Industrial Loan Companies	<u>72</u>
<b>Total</b>	<b>1,300</b>

# Compliance Branch

In 2006, a total of \$29,000 in fines was assessed against various mortgage companies and mortgage brokers.

The Compliance Branch is staffed with 10 examiners. Three are assigned to consumer loan companies and industrial loan companies, three to check cashers and four to mortgage companies and mortgage brokers. These examiners are highly trained in their respective areas. The examiners reside in Bowling Green, Frankfort, Irvine, Lexington, Louisville, Union, Campbellsville and Shelbyville.

Check casher, consumer loan company and industrial loan company licensees are examined annually as required by statute. Mortgage company and mortgage broker examination frequency is not set by statute; however, licensees are examined every 18 to 24 months. Each examiner has his/her own portfolio of licensees; every effort is made by OFI to keep an examiner's portfolio in a geographic area close to their residence in order to keep travel to a minimum. Field offices located in Eddyville, Bowling Green, Louisville and Lexington are used by examiners for administrative purposes.

During calendar year 2006, the Compliance Branch examination staff attended several schools and conferences that provided continuing education in each employee's respective field. The American Association of Residential Mortgage Regulators (AARMR) provides an examiner school annually that is attended by all four of the mortgage examiners each year. The topics covered vary from year to year, but most importantly this school keeps the mort-

gage staff current in changes to federal laws and regulations. Every two years AARMR offers a three-day mortgage fraud school in addition to the examiner school, and the entire mortgage staff attends. Examiners covering consumer loan companies, industrial loan companies and check cashers attend the National Association of Consumer Credit Administrators (NACCA) annual five-day examiner school that is held in various locations throughout the United States. As with the AARMR examiner school, this school provides continuing education and updates on the changes in federal laws and regulations.

# Division of Securities

## 21<sup>st</sup> ANNUAL SECURITIES REPORT

The mission of the Division of Securities is to 1) protect investors by preventing and remedying, whenever possible, investment fraud and related illegal conduct, 2) educate the investing public on how to make informed investment decisions and 3) assist companies in their legitimate attempts to raise capital and transact securities business in Kentucky.

To fulfill its mission, the Division of Securities performs the various functions set forth below. Each of these activities is intended to provide protection to the citizens of the commonwealth by helping to ensure that securities transactions are effected in compliance with the Securities Act and that investors have thorough and accurate information available to them when they are evaluating an investment in a security or contemplating doing business with a securities professional.

- **Licensing** – The licensing staff assists in the registration of, or determination to deny registration to, broker-dealers, investment advisers and their employees. The licensing staff also may provide information to the public concerning a broker’s disciplinary history.

- **Compliance** – Examiners in the Compliance Branch perform routine (but often unannounced) examinations of broker-dealers, investment advisers and their employees in the commonwealth in order to determine whether they are complying with the securities laws.

- **Enforcement** – Investigators in the Enforcement Branch investigate allegations of securities fraud or other illegal conduct. In coordination with OFI’s legal staff, the investigators assist in the administrative actions the office may pursue against alleged violators of the Securities Act. Further, the division may refer cases to criminal authorities to prosecute the most serious occurrences of securities fraud.

- **Corporation Finance** – Corporation Finance staff assists in the registration or exemption from registration of entities that issue securities in the commonwealth. The staff in this area also processes notice filings by issuers of federally covered securities such as mutual funds. In addition, the corporation finance staff answers questions from the general public about the requirements for offerings of securities in Kentucky.

The Securities Division staff distributes informational brochures to Kentuckians through public libraries and county cooperative extension agencies and regularly speaks to high school students and community groups about saving and investing.
