ABOUT US

The Department of Financial Institutions (DFI) is the state agency that supervises the financial services industry in Kentucky. DFI is part of the Public Protection Cabinet and employs approximately 100 people in highly skilled positions, many of whom are examiners. More than half of DFI's staff works in the field, traveling to conduct examinations and investigations.

DFI charters, licenses, and registers various financial institutions, securities firms, and professionals.

WHY CHOOSE US?

- Help Kentuckians make wise financial decisions & prevent financial harm & abuse.
